

QUALITY, HEALTH, SAFETY and ENVIRONMENT POLICY

PURPOSE

Sitek Insulation, **recognized producer** in the **thermal insulation market**, aims to become an **expert** in the **fire protection products** market for the building industry.
 Sitek is also committed to **developing, manufacturing and marketing technical solutions on its own behalf and on behalf of its customers.**

To meet/reach this objective, we must rely on key values:

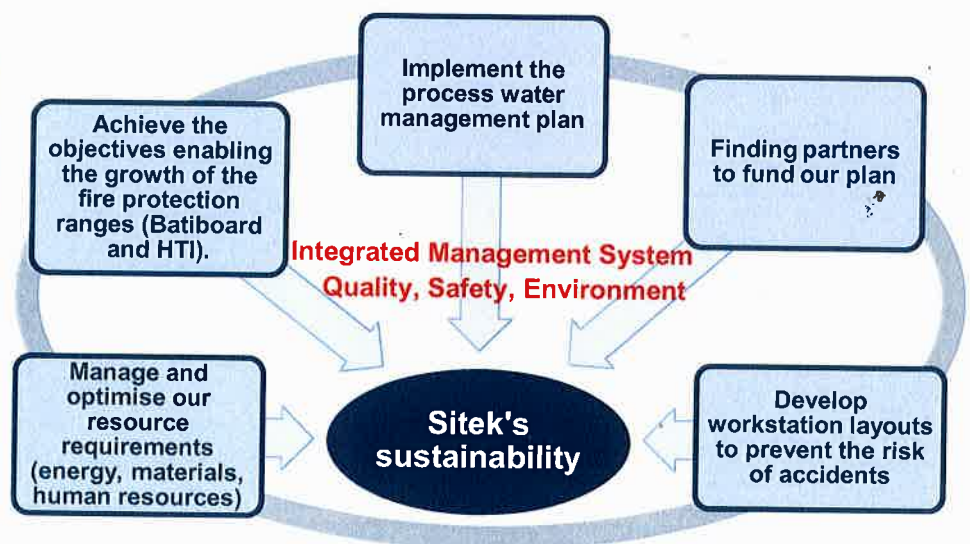

Sitek insulation is certified according to ISO 9001 and ISO 14001 versions 2015.

Our integrated management system applies to all products and services offered by our company including, as appropriate / depending on the case, conception, production, delivery and marketing.

COMMITMENTS & 2021-2022 PRIORITIES

The compliance with regulations and standards and the reduction of environmental impacts (AES) are permanent commitments of the company.

In addition, we are aiming for 2021-2022 :

These **indicators are monitored** during management meetings in order to identify any gaps and implement appropriate corrective actions. Management is committed to periodically reassessing our objectives in order to **continuously improve our performance.**
